

WESTWIDE SECURITY

2025

ALWAYS AT YOUR SERVICE

ABOUT COMPANY

Westwide Security Pty Ltd is a Western Australian-owned and operated security service provider dedicated to delivering real, measurable protection for clients across a range of sectors—from film production to infrastructure development, hospitality, and rural community events.

Established in 2023, our company has rapidly grown into a trusted name in both metropolitan and regional WA. Our tailored services, performance-driven, workforce, and technology-supported systems allow us to deliver consistent security outcomes that clients can depend on—whether for a single event, an ongoing venue contract, or a mobile asset protection program.

OUR MISSION

To provide intelligent, adaptable, and visible security solutions that ensure peace of mind, deter threats, and support the uninterrupted operation of our clients' sites and activities.

Our Vision

To become Western Australia's leading mid-tier security company, respected for professionalism, speed of response, and a culture of care for clients, team members, and communities.

Our Core Values

- Integrity: We do what we say. Transparency, honesty, and ethics guide every action.
- Accountability: We monitor, report, and adapt, always focused on the client's outcomes.
- Agility: We move fast, solve problems, and respond to unique challenges across industries.
- Professionalism: Our staff represent your brand as well as ours with grooming, presence, and courtesy.
- Community Respect: Whether working in remote towns or urban precincts, we remain respectful of all stakeholders.

OUR APPROACH TO SECURITY

At Westwide, security is not a one-size-fits-all concept. Every site, event, and project presents a different set of risks, reputational considerations, and logistical needs. We tailor our deployment to your real-world requirements—often identifying blind spots you didn't know existed. Our security methodology is grounded in five principles:

1. Visibility – A visible presence acts as a deterrent and builds public trust.
2. Preparedness – Trained staff, site inductions, and briefing protocols.
3. Communication – Clear escalation pathways and real-time reporting.
4. Technology Use – GPS-tracked patrols, mobile logs, and optional CCTV integration.
5. Compliance – Adherence to WHS, licensing, and confidentiality agreements.

HIGHLIGHT PROJECTS

- Film Set Security for Warner Bros.
- We provided lockdown, barricading, and crew security for major sets, ensuring all talent and technical assets were safe without obstructing production.
- The Pavilion Nightclub – Bunbury
- Our team of trained crowd controllers reduced conflict and risk in a high-volume nightlife venue, maintaining strong relations with WA Police and venue management.
- Margaret River Agricultural Society
- Our security presence across multiple gates, livestock exhibits, and overnight patrols allowed the event to proceed without incident in 2024.
- Political Signage Watch
- Nine guards were rostered in rotations to secure campaign assets across Perth—protecting both public infrastructure and candidate branding from vandalism.

OUR VISION

EXCELLENCE AND CLIENT SATISFACTION:

Our vision is to deliver exceptional security services that consistently exceed client expectations. We strive for excellence in all aspects of our operations, ensuring the highest levels of professionalism, reliability, and customer satisfaction.

INNOVATION AND ADAPTABILITY:

We envision being at the forefront of security solutions by embracing innovation and leveraging advanced technologies. Our vision includes continuously adapting to emerging security challenges and providing cutting-edge solutions to protect our clients' assets effectively.
